THE BEECHES INN AND CONFERENCE CENTER EXECUTIVE SUMMARY

"The Beeches Inn and Conference Center" 7900 Turin Road, Rome, New York 13440 MOHAWK VALLEY

The Beeches Inn and Conference Center is an Ideal Opportunity to Re-Develop the Property into a Senior Housing and/or Corporate Campus with Medical and Professional Offices on Site!

The property is situated on 51+/- acres. It is comprised of many buildings as well as different uses.

There is a 75 room Inn, 2 gate houses and 2 cottages that are rented as part of the Inn. Additionally there is a 50,000+/-sf conference center with restaurant.

There is a 38,000+/- sf office complex currently 100% leased with long term tenants in place. The expiration dates of the leases extend to 2022 with extension terms in place.

The 51+/-acres is mildly sloping with street frontage on both Turin Road and Potter Road.

The Beeches is in the Hospitality/Medical Use District:

"The Hospitality district is intended to support the continued development of high-quality hospitality services including health care, lodging, conference and tourism facilities, while preserving residential quality of life."

The zoning district allows for senior housing.

The Mohawk Valley senior population is growing. New York State Labor Department expects there to be significant growth in the senior housing and hospital industries.

The city of Rome has a pro-active approach to business development. They have active partnerships with economic and community partners throughout the region and New York State. The city has expressed support for the re-development of "The Beeches".

The Mohawk Valley Regional Development Council actively promotes business in the region. The grant programs are extremely successful. There are numerous projects being funded with private/public partnerships.

- 51+/- Acres Mildly Sloping with street frontage on Turin and Potters Roads
- 75 Room Inn
- 50,000+/-sf Restaurant and Conference Center
- 38,000+/-sf Office Complex
- 2 Gate Houses
- 2 Cottages
- Pool (53' x 26') and Loggia
- Water Supply is obtained from the City of Rome via a 30 inch main located on Turin Road
- · City sewer service
- Gas is provided by an 8 inch main on Turin Road

The property was originally built as a private residential estate for Dr. Frank Potter, inventor and patent holder. Built in 1923-24, it was designed by noted architect Harry Sternfeld with the interior design by Carlo Ciampaglia with sculpting design and influence by renowned sculptor Gaetano Cecere. The estate was meticulously conceived and guided by the quotation that is painted on the minstrel's gallery in the main residence: "Oaks and Elms are lovelier than paved streets, the great forests than the walls of brick. Oaks and Elms are more poetic than steeples and chimneys, in the country is the idea of home". The English Tudor styled residence is both classic and stately. The grounds are a combination of manicured lawns and woodlands.

The property was purchased by the current owner in 1949.

Between 1955-1967 the property underwent a transformation to include expansion of the main residential building (Inn) and the construction of a 50,000+/-sf restaurant and conference center which include multi-functional banquet rooms, restaurant, grill room and operations offices.

Additionally, there is a beautiful swimming pool area and loggia with a fountain concealed in a large stone mask and enclosed by a heavy stone wall with broad flagstone as executed by sculptor Gaetano Cecere.

ENVIRONMENTAL CONSIDERATIONS

TOPOGRAPHY:

The general topography of the site can be considered as level to sloping, with a difference in elevation of approximately twenty (20) feet across the site from north to south (Exhibit 3). To the north along Potter Road the site is level at an elevation of 520± feet MSL. The southern portion of the property is also level at approximately 500 feet MSL. A steeper change in elevation exists in the irregularly-shaped eastern segment of the site where the ground drops at a fifteen (15±) percent slope.

WATER RESOURCES:

Wood Creek runs in a north-south direction about one thousand two hundred fifty (1,250) feet west of Turin Road. A tributary of this creek, running east to west, crosses the project site just north of the access road to the motel, starting in a marshy area in the eastern part of the site and forming a series of three (3) small connected ponds.

Wood Creek itself is a Class D stream as designated by the New York State Department of Environmental Conservation (NYSDEC). A Class D designation allows for disturbance of the stream bed or banks without a NYSDEC Protection of water Permit. A possible upgrading of the stream classification to C(TS), requiring a permit, is anticipated during the next year. However, the tributary which falls within the project site is unclassified and thus is not subject to regulation by NYSDEC.

According to the Federal Emergency Management Agency Flood Insurance Study, no portion of the project site lies within a designated floodplain of Wood Creek (Exhibit 4).

AVAILABILITY OF SERVICES

ELECTRICITY:

The Niagra Mohawk Power Corporation supplies electricity to the site through a 13 KV underground service line.

GAS:

Gas service into the site is from an eight (8) inch Niagra Mohawk main on Turin Road. A two (2) inch high-pressure gas service from the restaurant supplies the professional buildings.

WATER:

Water supply is obtained from the City of Rome via a thirty (30) inch main located on Turin Road. Distribution to the buildings on-site is by means of three (3) separate pipes from the city suppy: a two (2) inch main to the Beeches Restaurant, a six (6) inch main to the office buildings and a four (4) inch main to the motel. Additionally, a six (6) inch city water main runs along Potter Road but is not the source of any of the project site's water supply.

SANITARY SEWER:

City sanitary sewer service is available at the project site. Sanitary sewage is conveyed by gravity flow through a ten (10) inch main from the restaurant to the motel, then along the interior roadway to tie into the municipal main on Turin Road. Six (6) inch laterals from the professional buildings tie into the main between the restaurant and the motel.

FARM BREWERIES, WINERIES & DISTILLERIES

This growing industry helps support the areas economy.

Oneida County encompasses three cities, Rome, Sherrill and Utica. It is located in the Mohawk Valley region which lies in the north-central part of the state of New York. It is east of Syracuse and west of Albany.

The Mohawk Valley region is the area surrounding the Mohawk River, between the Adirondack Mountains and Catskill Mountains. The region is both suburban and rural. It encompasses approximately 5,882 square miles. It is located at the geographic center of Upstate New York. It links all the major metropolitan areas together. It surrounds the industrialized cities of Rome, Schenectady and Utica as well as other smaller commercial areas.

The Mohawk Valley is strategically located between Albany and Syracuse along the scenic Erie Canal and spans six counties: Oneida, Herkimer, Otsego, Fulton, Montgomery and Schoharie. Historic urban centers such as Utica, Rome, and Amsterdam stretch along the Mohawk River, and are complemented by growing suburban areas such as New Hartford and Marcy.

Nearly 300,000 people in Oneida and Herkimer Counties call the Mohawk Valley home.

The Mohawk Valley is home to many academic and research institutions as well as companies which are thriving due to the area's highly skilled workforce.

Manufacturing remains among the region's largest employers. However, there is a growing concentration of information and technology companies.

Travel and tourism is a \$1.3 Billion industry for Oneida County. Quality year-round and seasonal attractions bring visitors from across the nation and around the world to the Central New York.

The area is served by a comprehensive network of state highways and Interstates. Interstate 90 passes through the heart of the Mohawk Valley. I-87, which passes through Albany, provides access to New York City and Montreal, Canada. I-81 goes through Syracuse and provides access to Canada, Binghamton and Pennsylvania.

Conrail and the New York Susquehanna & Western provide freight rail service.

There is daily Amtrak passenger service available from Utica and Rome.

Per the New York State Bureau of Labor Market Information Division of Research and Statistics a "significant industry" is identified on the basis of job growth over the 2009-2014 period as well as expected job growth, based on industry employment projections through 2022.

Health Care and Social Assistance industry has been identified as a significant industry in Mohawk Valley.

Growth in health care and social assistance employment is driven more by demographics than by overall economic conditions. Almost all health care and social assistance occupations are expected to be in demand over the next decade as the Mohawk Valley Region's population continues to age. Four significant industries within the health care and social assistance sector include:

- Ambulatory Health Care Services
- Hospitals
- Nursing and Residential Care Facilities
- Social Assistance
